## **FOR IMMEDIATE RELEASE:**

### **JOHNSON SYSTEMS INC. Announces CD80 Power Modules**

**CALGARY, Alberta (June 1, 2013)** - JOHNSON SYSTEMS INC. (JSI) is pleased to announce the release of the new CD80 Power Modules for direct retrofit/conversion of existing Strand CD80 AE (Advanced Electronic) and CD80 SV (Supervisor) modular dimmer racks. “Plug and Play” conversion from dimmers to relay modules or constant power modules.

All models employ heavy-duty “air-gap” relay’s rated to 277VAC at 50 Amps providing solid power switching for professional environments. On demand power control of LED fixtures, fluorescent fixtures or any environment where fast, precise distributed power control is demanded. Dual 20 Amp magnetic breakers offer flush face panel finish and are UL 489 rated. Advanced electronic design provides precise DMX triggering and eliminates down time idle current. Blue LED control status indication eliminates guesswork when troubleshooting. Up to 10 year warranty is available on this quality retrofit product!

Details on the new CD80 Power Modules, including product images and specifications are available on JSI’s website at [www.johnsonsystems.com](http://www.johnsonsystems.com).
